1 Possible deviations from earlier publications are due to subsequent changes in the allocation to R&D.

2 The departments' scopes of responsibilities and their names correspond to the organisational division of the 20th legislative period's Federal Government. To ensure comparability between individual years, expenditures were retrospectively adjusted or implemented to reflect the current organizational division when there were changes in the allocation of responsibilities between government departments. Possible rounding differences.

3 Target expenditure 2023 including "Climate and transformation fund" but excluding other funds from section 60 "General financial management" - chapter 6002 "General appropriations". These are collected retrospectively.

4 Including expenditures of the Federal Government Commissioner for Culture and the Media.

5 Target expenditure taking into account the proportionate global reduced expenditure for science, R&D (2023: 484.0 million euros).

6 Including payments for universities, and for projects at industry-sector research institutions, in connection with German reunification (1991). As of 2010, abolition of payments to the Volkswagen Foundation. 2010, including investment and redemption fund excluding allocations to the Länder (economic stimulus package - Konjunkturpaket II). 2017 to 2022, including "Energy and climate fund"; as of 2023, including "Climate and transformation fund".
